

Decontamination, Abatement Services and Security Upgrades in North Bergen, NJ

June 2017

North Bergen, NJ – Former Industrial Facility

Highground Industrial, LLC was contracted by CB&I to perform equipment decontamination, abatement services and security upgrades during the 2nd quarter of 2017.

Approximately 270 equipment items required decontamination of low levels of PCB's. In addition, approximately 55,000 sq. ft. of wood block flooring that was contaminated with

TSCA levels of PCB's and Asbestos mastic were removed from the facility under full containment.

Highground replaced and/or repaired all exterior doors, installed motion detectors and installed security bars over all windows.

The combined total of all projects was valued at approximately \$350,000.00 and was completed within 8 weeks.

All waste was disposed of by the owner and was not part of Highground's services.
